# Dot & Dash

Dot & Dash seating modules come in a variety of geometric shapes that can adapt and form depending on your breakout space. Innovative shapes and colours can compliment any interior design scheme and provide users with a quick & comfortable seating area to work or relax.

Dot & Dash modules are fitted with self-leveling glides and can be upholstered in an extensive range of robust contract fabrics.

Contrasting side panel upholstery can provide Dot & Dash modules a practical & contemporary aesthetic.

Durable 65mm twin wheel castors, with or without foot brakes, are also an option within the range.
