SYTEC

CHALLENGE • ADAPT • PERFORM

GODFREY SYRETT

introduce a new and innovative range of student based educational furniture called SYTEC. It can provide an ICT solution or a standard teaching solution. The main features are:

- Fully welded subframes.
- All tops are attached using high-strength metal to metal inserts.
- Completely enclosed cable management system.
- PC's can be installed within the desk structure.
- Lockable covers eliminate any tampering with the PC's.
- All tube end caps are steel, and are fully welded in place.
- Economical - desks are available as 1, 2 or 3 seat modules.
- Internally removable end panels allow wire management to be passed through when desks are placed side by side.
- The robust design gives the product a full 5 year guarantee for strength and durability.
- Optional mesh modesty panel to give the product an architectural look & feel.
- Cableports can be included or replaced with a fixed monitor arm.

SYTEC desks are built to withstand the rigours of the classroom environment yet provide a cost effective solution to meet any budget.
